| 15. Whether NAAC/or any other accredited body(s) visited IQAC or interacted with it to assess the functioning ? | Yes | |
| Date of Visit | 19-Feb-2019 | |
| 16. Whether institutional data submitted to AISHE: | Yes | |
| Year of Submission | 2019 | |
| Date of Submission | 23-Jan-2019 | |
| 17. Does the Institution have Management Information System ? | No | |

Part B

CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Our college is an affiliated college hence; the curriculum is provided by the University and deployed as follows: The college time table committee plans the schedule for teaching process according to UGC and State Government Resolutions. Work allotments: The Heads of Departments allot teaching duties as per 16 hrs per teacher initially. In case the workload is more, then the responsibility is shared as per availability e in the department. Teachers have to maintain a teachers' diary and if on leave, the concerned faculty has to mention adjustment in the leave report. In some instances, where the government has sanctioned no posts, the management has generously appointed Ad Hoc teachers. For example, the departments of Industrial Chemistry, Mathematics &Statistics, and English Ad Hoc teachers have been appointed by the management. Academic Calendar: Academic Calendar is prepared according to the schedule provided by Sardar Patel University and the programs planned for the year. Calendar is provided to each student, faculty and stakeholder for their information. The same is also uploaded on the institutional website. Teachers' dairy: All the teachers are provided a Teacher's Dairy for their teaching plans and the record of their co and extra-curricular activities. Deployment of Curriculum: Most of the teachers teach with the help of ICT facility along with the traditional method. In the semester I and II study materials are provided for easy familiarization of students in the college and later students are motivated to use our rich library. From the second year onwards learning is also done through seminar and presentations Our special book bank facility is very useful to students in which NAAC for Quality and Excellence in Higher Education students are allowed to use books for all two semesters with nominal wear & tear Charges.

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution? (maximum 500 words)

Feedback Obtained

Feedback is obtained from Students is filled online through Google form by UG Students on their last examination day in the college each student has to login first, Feedback is received on varied aspects of the college including location, office, canteen, laboratory, library, administration and academics. The points are calculated according to the grades given by the students in various criteria. The grades are given as A, B, C, D, The Average and percentage of various criteria are calculated. on the basis of grades mentioned by the students feedback is summarized and and graphics are generated. Feedback is also collected from the parents during Parent Teacher Meetings (PTMs) that are organised by each and every department of the college. Suggestions and comments given by the guardians are also taken into account for future development. same as Feedback is also collected from the teachers. The different areas where improvements are required are discussed in respective committees/departments. The proposals given by the different committees and departments are discussed in GB of the college for necessary action. Strengths of the college are also taken into consideration for further up gradation.

CRITERION II – TEACHING- LEARNING AND EVALUATION

2.1 – Student Enrolment and Profile

| | 2.1.1 – Demand Ratio during the year | | | | | | | |

2.3.2 - Students mentoring system available in the institution? Give details. (maximum 500 words)

The college has since last several years practiced a system of mentoring called the Teacher-ward system, whereby a Teacher was provided to every ward to look after his/her academic and psychological well being and also monitor class attendance and performance. The same system has now been restructured and named Mentor system. Under the Mentor system, the full-time teachers of the college have been engaged as mentors of each class. Students of each class in the college are having a full-time teacher as their mentor. The

classes, where there are huge numbers of students, have been assigned more than one mentor. At the beginning of the academic session, the class-wise names of the mentors are displayed on the college website. The mentors are responsible for academic progress and psychological wellbeing of their mentees. They are also entrusted with the task of monitoring the attendance and academic progress of the students. They also provide primary psychological counselling to those who need them and refer them for more professional counselling, if required. At the beginning of the academic session, the mentors conduct orientation programmes for the mentees, whereby they are aquainted with the institution, its goals and mission, the facilities available and the regulations of the affiliating university. The mentors maintain the biographic details of each individual mentee including educational background and socio-economic status. They also maintain record of their

classattendance, class-performance and academic progress. The mentors use both formal and informal means of mentoring. The mentor system, apart from its formal part, also exists as a robust informal mechanism to boost inclusiveness, gender sensitivity and social responsibility of students.

| Number of students enrolled in the institution | Number of fulltime teachers | Mentor : Mentee Ratio |
|--|-----------------------------|-----------------------|
| 1785 | 67 | 1:27 |

2.4 - Teacher Profile and Quality

2.4.1 - Number of full time teachers appointed during the year

| | | View File | | |

2.5.2 - Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

The college conducts one internal evaluation every semester for both theory and practicals. We used to have unit wise monthly assessments for semester V and VI students'. However due to paucity of adequate number of permanent teachers, it was very challenging to timely evaluate the papers. There for we started giving the students' assignments, unit wise presentation tasks, and seminars presentations tasks along with a traditional question papers as part of internal evaluation. And for first year students' assignments are given. Remedial coaching: Remedial classes are organized every week for each class in each paper. Teachers are conducting problem solving sessions in it, as well as re- explanations of difficult topics. Absentees are also called to attend the classes to cover the topics which they missed.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

The committee consisting of Principal and ex officio of Academic calendar committee prepares the academic calendar well in advance before the commencement of the semester. The calendar outlines the semester class work schedule, internal examination schedule and external examination schedule, and other extracurricular schedules. This academic calendar distributed to each student and faculty members before the commencement of the semester. By and large we do follow the calendar and whatever minor changes occur are if examination schedule change by the university. Time table committee prepares the curriculum time table by keeping calendar in mind. Faculty members prepare and plan their lecture schedule according to the academic calendar.

2.6 – Student Performance and Learning Outcomes

2.6.1 – Program outcomes, program specific outcomes and course outcomes for all programs offered by the institution are stated and displayed in website of the institution (to provide the weblink)

4.4.2 – Procedures and policies for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc. (maximum 500 words) (information to be available in institutional Website, provide link)

The college ensures optimal allocation and utilization of the available financial recourses for maintenance and upkeep of different facilities by holding regular meetings of various committees constituted for this purpose and using the grants received the college as per the requirements in the interest of students. Laboratory: Record of maintenance account is maintained by lab technicians, Lab Assistant and supervised by HODs of the concerned departments. Maintenance of laboratories are as follows: - The calibration, repairing and maintenance of sophisticated lab equipment's are done by the technicians of AMC. Library: - 1. The requirement and list of books is taken from the concerned departments and HOD's are involved in the process. The finalized list of required books is duly approved and signed by the Principal. 2. Suggestion box is installed to take students' feedback. Their continuous feedback helps a lot in introducing new ideas regarding library enrichment. 3. To ensure return of books, 'no dues' from the library is mandatory for students before appearing in exam. 4. Other issues such as weeding out of old titles, schedule of issue/ return of books etc. are chalked out / resolved by the library committee. 5. software with KIOSK using RFID is used in Library. Sports: - Regarding the maintenance of sports equipment the college sports Physical Instructor deputed. GYM is also looked after by Physical Instructor. Computers: - 1. Centralized computer laboratory established to enrich the students. 2. Each Department having appropriate computer for their requirements. 3. Internet and WIFI Enabled campus. 4. Open access journals facilities are available. Classrooms: -1. The college has various committees for maintenance and upkeep of infrastructure. At the departmental level, HODs submit their requirements to the Principal regarding classroom furniture and other. 2. Administrative officers will take in charge for student's academic requirements. Additionally: - 1. There is a lab assistant in every department, who maintains the stock register by physically verifying the items round the year. 2. Department wise annual stock verification is done by concerned Head of the Department. 3. Regular maintenance of Computer Laboratory equipment's are done by Laboratory Assistant along with Laboratory attendant and they are headed by the faculty in charge. 4. Regular cleaning of water tanks, proper garbage disposal, pest control, landscaping and maintenance of lawns is done by Institute concern Employees. 5. College campus maintenance is monitored through regular inspection. 6. Upkeep all facilities and cleanliness of environment in men's and women's hostel is maintained through Hostel monitoring committee. 7. Outsourcing is done for maintenance and repairing of IT infrastructure such as computers, internet facilities including Wi-Fi and broadband. 8. Updating of software's is done by Trust. 9. Outsourcing is done for the maintenance of wooden, furniture, electrification, and plumbing. 10. Regular maintenance of the water cooler and water purifier is done regularly. The maintenance of the reading room and stock verification of library books is done regularly by library staff.

various clubs one student from each class is selected based on his/her academic performance in the last examination, one student showing outstanding performance in each activity like Sports, NSS, NCC, and Cultural Activities and nominated by the principal, two female students nominated by the principal . The secretary of the respective Student Council is elected by the other members of Student Council. The activities and functions of the Student Council: The members of the Student Council monitor various academic and socio-cultural events in the college. They maintain overall discipline on the campus regularly. These members are key facilitators between the students and college. They coordinate all extracurricular activities and annual festival of the college. They also participate in social activities like Pollution Free, Pollution Free Diwali Campaign, Antiaddiction Campaign, Anti-addiction Rally, Awareness about Constitution, Gender Sensitisation programmes, etc. The Student Council make students aware about social responsibility. The members of the Student Council play a significant role as volunteers in all the conferences, workshops, sports events and other functions. Members of Student Council are given the representation in the working committees of the college. Students' role in academic and administrative bodies: The students' representation and participation have been an integral part of the academics. Students' representation are there in various important committees like Antiragging Committee, Internal Complaints Committee, Internal Quality Assurance Cell, Programme organizing committees for seminars, conferences, and workshops organized by the college, annual festivals organized by the students of NSS Committee, sports Committee, Cultural Committee, Library Committee, Magazine Committee etc. The Student Council helps the students to share their ideas, interests and concerns with teachers.Members of the Student Council offer their contribution in various college activities including social events, community projects, and college reform policies. The college has taken an initiative by offering the students representation as members in the college working committees. It has fruitful results. The student representative played an active role in the activities and the decisions taken by different committees of the college. It helps to improve leadership qualities, confidence, sense of responsibility and active participation.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

No

Alumni Association of the college will registered in near future. still, the alumni association has been functional in shaping policies and overall development of the college. The registration has taken a step ahead in strengthening the relationship between the college and alumni. The members of the association are representatives of diverse alumni and are from different streams. The common alumni meet is organized every year. During these meets, alumni discuss present situation of the college, achievements, progress, and future plans of the college. The alumni used to suggest some improvements required. Oral feedback is also taken form alumni which are considered while preparing the future plans. Some management members and some of the faculties of the college are members of alumni association who have contributed significantly to the development of the college. Therefore, the institute has maintained a close and intimate bond with the former students. Every year they are invited as guests of honor on various occasions in the institute. Non financial means of contribution The alumni contribute in policy making by their representation in the statutory and academic committees such as IQAC, Local Management Committee or College Development Committee etc.Some of the alumni are expertise in their respective fields. They are invited to deliver academic lectures in the campus. The alumni, associated with the social reforms, are invited in the NSS camps to encourage the volunteers to do social service.

Their experience and participation encourage the volunteers positively. Many alumni have helped the college by delivering lectures as a resource person in various courses, programs workshops etc. Some of the alumni Their experience has developed the confidence among the students. Some of the alumni are working in the field of mass media and communication help in preparing audiovisual news and provide feedback on the development of college by sharing their views and opinions which improves the image of the college in society. Some of the alumni are public representatives who help us whenever there are some local problems. They also participate in the governance of the college. Their feedback is valuable for the administrative and academic development of the college. The college website and other social media are the best means to have a fruitful communication with the alumni and former faculties scattered all over the Gujarat. Some of the alumni who had formed and run NGO successfully and are working jointly with college through MoU. Such MoU are functional through various activities.

5.4.2 – No. of enrolled Alumni:

1900

5.4.3 – Alumni contribution during the year (in Rupees) :

3763514

2

5.4.4 – Meetings/activities organized by Alumni Association :

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

1, Knowledge Repository: The MHRD has been very proactive in trying to develop E-Content in all areas of higher education through NME-ICT because e learning facilitates access of best teaching- learning resources to students studying in far flung areas who can only dream of studying under best faculties. Our practice therefore complements this mission. It is rare to find Grant in- aid colleges to have such a practice. This is even more in and around our college. We can say that it our idea to start this practice to be in tune with the changing times. Theteacher uploads the PPTs, Videos and notes related to the topic he/she is teaching. The students are informed about the same. Over the past few years we have able to create a repository with more than 300 PPTs, videos, Video links of NME-ICT, and documents. All these are uploaded on the college website. 2. StudentsCounselling: 1) The new students/ first year students are most vulnerable. So we start focusing on them first. For every 30 students, we have a teacher counselor. The list of counselors is ready on the first day of the collegewhenthestudentsandtheirparentscometocollegefortheorient ationprogrammeandthecollege ensures that the first Counseling meet is held on that day so that the parents also meet their wards' counselors. 2) Students are counseled about examination system, college rules, scholarship schemes, extracurricular activities, importance of Parent-Teachers Meet, attendance. 3) All students are made to fill a form detailing their essential information. 4) The teachers meets the students every Saturday at a time allotted in the Timetable. The teacher is able to keep a tab over the students and in a friendly way reach out to them. If a student has not been showing up, then the counselors contact the students through others or phone the parents/ guardians and try tofind out the reason. 5) Over the years, we teachers observed that now more and more students are becoming islands in themselves. By personally intervening, it is possible to allow them to open up slowly get over the

difficulties or find a way around. 6) Inthesecondyearofthecollege,thestudentsar eallottedthesubjectsandhencetheynowareidentified themselves with those departments. Here, the respective departments take over. From then the counselors change .Now, each department is the counselor. 7) By the third year the departmental faculties the groups become smaller and faculties now observe the students more closely and mentor, guide, chide the students as and when the situation demands. The students, who felt so new and nervous in the first year, opens up and become close to their teachers in the second and third years. The teachers are able to identify the potential of each student and so are able to guide them about their career too.The affinity becomes so strong that even after the graduation they maintain a good cotact with the teachers.

6.1.2 - Does the institution have a Management Information System (MIS)?

Partial

6.2 – Strategy Development and Deployment

6.2.1 – Quality improvement strategies adopted by the institution for each of the following (with in 100 words each):

| Strategy Type | Details |
|----------------------------|---|
| Research and Development | The management and the principal are very keen in developing research culture among the faculty and student. Research pool in the College is given a strong thrust since the last reaccreditation cycle. 16 |
| Examination and Evaluation | The College has effective mechanisms in place to ensure transparency in examination and evaluation process. The Evaluation processes consist of Continuous Assessment and Semester Examinations. The management takes care of smooth conduct of examinations and appropriate evaluation of students' performance. All the basic facilities and amenities are availed by the management. It effectively works as bridge between the university and examination committee of college. |
| Teaching and Learning | Faculties are encouraged to update their knowledge by participating and sharing their views in workshops, conferences, seminars, refresher, orientation and shortterm courses. The college provides study leaves and monitory assistance, as and when necessary. Promoting innovative teaching methodologies, Constant review of testing and evaluation patterns encourages creativity and analytical thinking. Faculty members are motivated to design contemporary, skill based courses. The financial assistance is given by the management for adoption of innovative practice in teaching learning and evaluation processes. |
| Curriculum Development | The college is affiliated with the |

| | University and therefore the general courses designed for affiliated Institution are common in nature. In integrating institution goals and objectives with the university curriculum, the academic programs are designed in the form of calendar and accordingly it is going to be executed. |
|---|--|
| Library, ICT and Physical Infrastructure / Instrumentation | our well maintained college library is equipped with soul 2 softwere and RFID system. besides ten computers are installed with internet connectivity in the reading room. |
| Industry Interaction / Collaboration | our college has signed MoUs with Industries for students training |
| Admission of Students | The college is well known in this region, so students take pride in taking admission in our college. besides the university has made online admission system compulsory. |

6.2.2 – Implementation of e-governance in areas of operations:

| E-governace area | Details |
|-------------------------------|---|
| Administration | Partial E-governance system is implimented |
| Student Admission and Support | Online admission process initiated and implemented by the University students feedback is taken online. |
| Finance and Accounts | Financial data are managed by Telly software |

covered with more than 180 different species of plants[including botanical garden]and more than 55 big trees are providing oxygen, shade, and cooling to the campus. These trees are also home to many birds Free Students' Transport Initiative By Trust: Our Trust has introduced free transport for students studying at CVM's Managed institutes.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1. Knowledge Repository: The MHRD has been very proactive in trying to develop E-Content in all areas of higher education through NME-ICT because e learning facilitates access of best teaching- learning resources to students studying in far flung areas who can only dream of studying under best faculties. Our practice therefore complements this mission. It is rare to find Grant in- aid colleges to have such a practice. This is even more in and around our college. We can say that it our idea to start this practice to be in tune with the changing times. The teacher uploads the PPTs, Videos and notes related to the topic he/she is teaching. The students are informed about the same. Over the past few years we have able to create a repository with more than 300 PPTs, videos, Video links of NME-ICT, and documents. All these are uploaded on the college website. 2. Students' Counseling: 1) The new students/ first year students are most vulnerable. So we start focusing on them first. For every 30 students, we have a teacher counselor. The list of counselors is ready on the first day of the college when the students and their parents come to college for the orientation programme and the college ensures that the first Counseling meet is held on that day so that the parents also meet their wards' counselors. 2) Students are counseled about examination system, college rules, scholarship schemes, extra- curricular activities, importance of Parent-Teachers Meet, attendance. 3) All students are made to fill a form detailing their essential information. 4) The teachers meets the students every Saturday at a time allotted in the Time-table. The teacher is able to keep a tab over the students and in a friendly way reach out to them. If a student has not been showing up, then the counselors contact the students through others or phone the parents/ guardians and try to find out the reason. 5) Over the years, we teachers observed that now more and more students are becoming islands in themselves. By personally intervening, it is possible to allow them to open up slowly get over the difficulties or find a way around. 6) In the second year of the college, the students are allotted the subjects and hence they now are identified themselves with those departments. Here, the respective departments take over. From then the counselors change .Now, each department is the counselor. 7) By the third year the departmental faculties the groups become smaller and faculties now observe the students more closely and mentor, guide, chide the students as and when the situation demands. The students, who felt so new and nervous in the first year, opens up and become close to their teachers in the second and third years. The teachers are able to identify the potential of each student and so are able to guide them about their career too. The affinity becomes so strong that even after the graduation they maintain a good cotact with the teachers.

Upload details of two best practices successfully implemented by the institution as per NAAC format in your institution website, provide the link

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Students Empowerment strategies (StEpS). This includes - 1.Creation of

Effective Learning Environment: As mentioned earlier that the effective implementation of innovation requires creation of learning environment. We at our end emphasize on discipline at both teachers and students end. For this, we have developed various policies namely- Attendance , Anti ragging , Code of conduct Women empowerment , Tours and summer training policy etc. These policies are implemented through various committees, Creating clear guidelines for various purposes help and facilitate day to day working. The policies are discussed and distributed on the very first day of the college during orientation program. 2. Bonding We have seen that the bonding among three pillars of higher education i.e. Student, Faculty, and Parent are weakening. In order to strengthen the bond (which is again essential to have effective implementation of innovation), we have set up very effective Counseling and Parent cell. The function of this cell is to appoint counselors at all the levels. As a policy, we appoint teacher counselor for every 25-30 students. The name of counselor is declared on the very first day and immediately after orientation of newly admitted students, the student and their parents are to meet counselor for exchanging contact number for future communication. The role of counselor is to counsel the student at a regular intervals. Apart from this we have an effective Parent interaction through written communication, oral communication, and through parent teacher meetings. 3.ICT (Information and Communication Technology) in education - With the help of UGC (CPE grant) we have equipped ourselves with ICT facility. Majority of our lecture theaters are now fitted with multimedia projectors and few with smart boards. After an initial phase, now majority of our faculty are using them. The new method of delivering is not only effective but fast in transferring knowledge. In time we are planning to have such facility in our labs where practical demonstration will be made easy, effective and time saving. 4. Techno Savvy Environment Internet, these days is a must for both teaching and learning. We, have developed an internet lab with 30 terminals apart from 10 terminals in the library reading room. The college campus is now completely Wi- Fi with a bandwidth 200 mbps. The college has about 240 computers with latest configuration and licensed software. 5. Virtual Teaching SANDHAN is the initiative of Gujarat higher education for enabling all the students of higher education in Gujarat to have access to lectures delivered by eminent academicians from across the state, nation and from abroad all at once by leveraging technology optimally. The initiative has broad objectives like- 1. To facilitate virtual teaching and discussion of various subjects by well known experts of that particular field of knowledge. 2. To provide a platform for communicating with all colleges, students and teachers simultaneously to disseminate ideas, information training relevant to higher education. The College has developed a facility for the students and faculties to take advantage of this initiative. We have created knowledge repository where lectures delivered by

8. Future Plans of Actions for Next Academic Year

1. Aapeal with NAAC Bangaluru regarding Re accreditation 2. Demonstration Workshop for our Students 3. AISHE,NIRF, GSIRF applications 4. Preparing AQAR 5. Create Lerner centric environment 6. Strengthen knowledge repository 7. Sign MoUs 8. Motivate faculty members to attend more Seminar /Conferences 9. To Publish more Research Papers 10. Organize state level science festivals 11. Get a centre for Entrepreneurship development centre 12. Motivate faculty members to apply for Projects and science academy awards 13. Encourage more students to join NSS, NCC and Sports activites
